Southern Deans' Visit

We were honored to be the host of 12 deans and nine development officers from the Southern Association of Allied Health Deans this past week. The deans lead schools in Academic Health Centers. They toured the building on Monday and were able to observe teaching using DL technology, PT lab class, four basic science laboratories, the speech clinic and the musculo-skeletal lab. Not only were they impressed with the physical space we have, but also with all the positive things that are happening in here! It was reinforcing to have others recognize the wonderful things that are going on in CHS. Thanks to everyone who had a hand in making this visit so successful!

Service Award Luncheon

The annual service award luncheon is planned for May 2. Mark your calendars!

More food...Staff Appreciation Luncheon

Save the date for the Staff Appreciation Lunch on Monday, May 12, 2008 at noon!

Faculty and grad publish article in *Manual Therapy*

Kyle B. Kiesel, a 2007 Rehab Sciences doctoral graduate, and faculty members Tim Uhl and Arthur J. Nitz, recently published an article in *Manual Therapy* magazine. Frank Underwood, with the University of Evansville, also contributed. The article is attached.
