

“Joining the UK College of Nursing Alumni was a natural progression after graduation and has served me in many capacities including invaluable networking opportunities, as well as lasting friendships.”

Kim Horne, B.S.N. 1996; M.S.N. 2007

“The CONAA is a great way to stay in touch with former classmates...be informed about the latest in nursing education....and the diversity of nursing practice!”

Eula J. Spears, B.S.N. 1965; M.Ed. 1979

In addition to serving and caring for our patients, we should take care of our fellow nurses. Belonging to this professional association allows me to stay in touch with the academic side of nursing and keeps me excited about the future of nursing.”

Donna Hunter-Adkins, B.S.N. 1985
