## **C. Research Support.**

### **Ongoing Research Support**

Center for Public Health Systems Research  
Robert Wood Johnson Foundation

7/1/07-6/31/11

Principal Investigator: Scutchfield, F. Douglas

Project includes establishment of a National Center for Public Health Systems Research, dissemination of junior faculty and dissertation mini-grants, annual conference coordination, data harmonization efforts and development of a translational research web portal for PHSR.

Role: Principal investigator

Public Health Services Research Database Development 11/05/05-3/30/08

Robert Wood Johnson Foundation

Identification of new databases and data for public health systems research were identified and communicated to researchers.

Structure and Dynamics of Public Health Delivery Systems with University of Arkansas 8/1/05-7/31/07

Robert Wood Johnson Foundation

The aim of this project was to develop a new typology for use in PHSR.

Public Deliberation on Community Health Issues in Kentucky 6/01/05-12/30/06

Kettering Foundation

TS 01-0608 Scutchfield (PI) 10/1/01-9/30/04

CDC

Measuring Performance of State and Local Public Health Systems

The aims of this project are to continue testing of public health performance measurement instruments; determine factors associated with high performing health departments; assess the relationship between process and outcome measures; determine measures of capacity for effective public health emergency preparedness; and identify public health systems measures for national surveillance.

Role:

SIP 06-01 Scutchfield (PI) 10/1/01-9/30/02

CDC

A Conceptual Framework for Public Health-based Health Services Research

The aims of this project are to develop a model to characterize the health services research implications of public health core functions, policies, public health system organization, and public health financing to foster health services research collaborations within the public health community.

Role: Principal investigator

1-D14-HP-00041-01 Matheny (PI) 07/01/00-06/30/03

Faculty Development in Primary Care

US Dept. Health and Human Services

Major Objective of the Grant: (1) Increase the number of Family Practice physicians trained and prepared to pursue careers as clinician researchers. (2) Increase the number of community-based faculty involving Family Practice Education and enhance their teaching skills.

1-D12-HP-0005-01 Matheny (PI) 9/01/00-8/31/03

DHHS/HRSA

Academic Units: Expansion of Research Infrastructure

The major goals of this project are to expand the research infrastructure of our Department of Family Practice by the creation of a Primary Care Practice-Based Research Network.

1-D22-HP-00036-01 Matheny (PI) 07/01/00-6/30/03

Bureau of Health Professions

Residency Training Grant in Primary Care (Family Medicine)

The major goals of this training grant are to develop and evaluate a Community-Oriented Primary Care curriculum, with attention to cultural competency; and to enhance the development and administration of rural training tracks in family medicine.

Principal Investigator: Scutchfield, F. Douglas

02-66 Scutchfield (PI) 7/1/01-6/30/02

Good Samaritan Foundation

Rural Health Development for Whitley County

Pilot program of comprehensive community diagnosis for rural health development in Whitley County.

#02-76 Scutchfield (PI) 7/1/01-6/30/02

Good Samaritan Foundation

KY Physician Care Volunteers

Incorporates private volunteer Kentucky Physicians Care physicians and community volunteers into the Whitley County project.

M-01129776 Scutchfield (PI) 7/1/01-6/30/02

Kentucky State Department of Health  
and

TS-0349 Scutchfield (PI) 9/30/01-9/29/02

CDC \$20,000

KY Public Health Leadership Institute

Multidisciplinary leadership development appropriate for individuals involved in the public health system within the state. Goal is to strengthen public health by improving skills of professionals who administer state, regional and local public health system.

### **Completed Research Support**

[NA] Scutchfield (PI) 07/01/99-06/30/00

Good Samaritan Foundation

Kentucky Public Health Leadership Institute

The goal of this education project is to develop and implement public health leadership training for Kentucky public health professionals.

[NA] Scutchfield (PI) 09/02/99-09/01/00

Community Life Foundation

Health Needs Assessment for Daviess County and Green River ADD

The goal of this project is to develop and conduct an assessment of health and community needs for Daviess County and the Green River Area Development District.

[NA] Scutchfield (PI) 07/01/00-06/30/01

Good Samaritan Foundation (cont.)

Kentucky Public Health Leadership Institute

The goal of this education project is to develop and implement public health leadership training for Kentucky public health professionals.

TS298-14/14 Scutchfield (PI) 9/30/00-9/29/01

CDEC (non-competing continuation)

National Public Health Performance Surveillance: A Field Test

The major goal of this project is to test the validity and reliability of performance indicators for local and state public health departments and boards of health nationally.
