

Diabetes Research Study Needs Volunteers

Researchers at the University of Kentucky Chandler Medical Center, Department of Endocrinology and Molecular Medicine are conducting a clinical research study to examine how Type 1 diabetes occurs.

Subjects may be able to participate if they:

- are between 1 and 45 years old;
- are a family member of someone who has Type 1 diabetes; and
- have an interest in contributing to diabetes research.

This research is being conducted by Dr. Dennis Karounos. Study related care and tests are provided at no cost. If you are interested in learning more about this study, please call Janet Hibbard at **(859) 323-1787**.
