

Do You Have Pain From Knee Problems or Knee Injuries?

Researchers at the University of Kentucky are conducting several research studies on different Knee Pathologies and Knee Injuries.

Participate must be 17 years of age or older and have one of the following:

- ACL reconstruction;
- Knee pain related to knee osteoarthritis;
- Knee pain related to Patellofemoral Pain Syndrome; or
- Anterior Knee Pain that lasted more than one month.

You may NOT be eligible to participate if you:

- have unresolved balance or neurological disorders;
- have Rheumatoid Arthritis;
- have had knee surgery in the past year; or
- have had a total joint replacement.

Contact Jennifer McKeon, PhD, for these studies at the Musculoskeletal Laboratory. Please call **(859) 218-0594** or email **UK_knees@hotmail.com**
