

AN UPDATE ON THE CLINICAL MANAGEMENT OF TMD

To Register, Call the University of Kentucky College of Dentistry's Office of Alumni Affairs at (859) 323-6676.

Travel with the University of Kentucky College of Dentistry to beautiful Jackson Hole, Wyoming to enjoy continuing education and skiing in the spectacular Teton Mountain Range of the Jackson Hole Mountain Resort. Lodging will be at the Teton Mountain Lodge & Spa in Teton Village, Wyoming, which was voted a 2007 Travel + Leisure top 100 Hotel in the US/Canada and a Conde Nast Traveler Top 50 Ski Resort in the United States.

What You Will Learn

This course will present a sound, straight-forward approach to treating many masticatory pain problems. Emphasis will be placed on proper diagnosis so that correct therapy can be selected for each patient. Principles used to locate the site and source of pain will be presented. The role of occlusion in TMD will be discussed in detail. Specific information will be provided for the management of the two most common types of temporomandibular disorders; masticatory muscle pain and intracapsular TMJ pain.

Special Benefits

At the conclusion of this presentation, each participant should be able to:

- Identify those pain disorders that will likely respond to your therapy from those that will not.
- Understand the relationship between occlusion, bruxism and temporomandibular disorders.
- Recognize the most favorable condylar position for restorative dentistry and TMD.
- Differentiate those cases that require orthodontic or restorative procedures from those that do not.
- Know when it is appropriate to consider surgical therapy for a patient.
- Recognize which headaches are best managed in the dental office and how to successfully treat them.
- Review the appropriate use of occlusal appliance therapy.

Program Agenda**Thursday, March 19, 2009**

Saturday, March 21, 2009

6:45 am Registration and continental breakfast
7:00 am The Fabrication and Use of Occlusal Appliances
The Management of Intracapsular TMJ Disorders

Speaker

Jeffrey P. Okeson, DMD, is professor and chairman of the Department of Oral Health Science at the University of Kentucky College of Dentistry and director of the College's Orofacial Pain Center, which he established in 1977. Dr. Okeson has authored three textbooks on TM disorders and orofacial pain that are presently used in most US dental schools and have been translated into 11 different languages. He also has published more than 200 articles

and chapters. He has presented more than 650 invited lectures on the subject of TMD and orofacial pain in 48 different states and in 42 foreign countries.

Location and Lodging**– Jackson Hole, Wyoming – Teton Mountain Lodge and Spa**

The location is Jackson Hole, Wyoming. You are guaranteed to feel at home in the Teton Mountain Lodge and Spa. The Lodge décor, highlighted by stone and timber, feels brand new, as the hotel was completed in the winter of 2003. You will find that this is truly when luxury meets adventure. A sampling of in-room amenities include:

- "Mountains of Down" with 320-count linens, chenille throw, and goose down comforter
- In-room ski boot/glove heaters provide the touch that WOW the wintertime guest
- 15,000 square foot newly built spa, completed June 2007
- State of the art fitness center with amazing views
- Apres Ski in the Cascade Bar & Grille, fireside, or served in the comforts of your room

The hotel is located 22 miles from the Jackson Hole Airport and 11 miles from the town of Jackson. It is within walking distance to the Jackson Hole Mountain Resort ski lifts and aerial tram and many other outdoor activities. Ground transportation, tours, or off-site activities may be scheduled through Destination Management Company.
