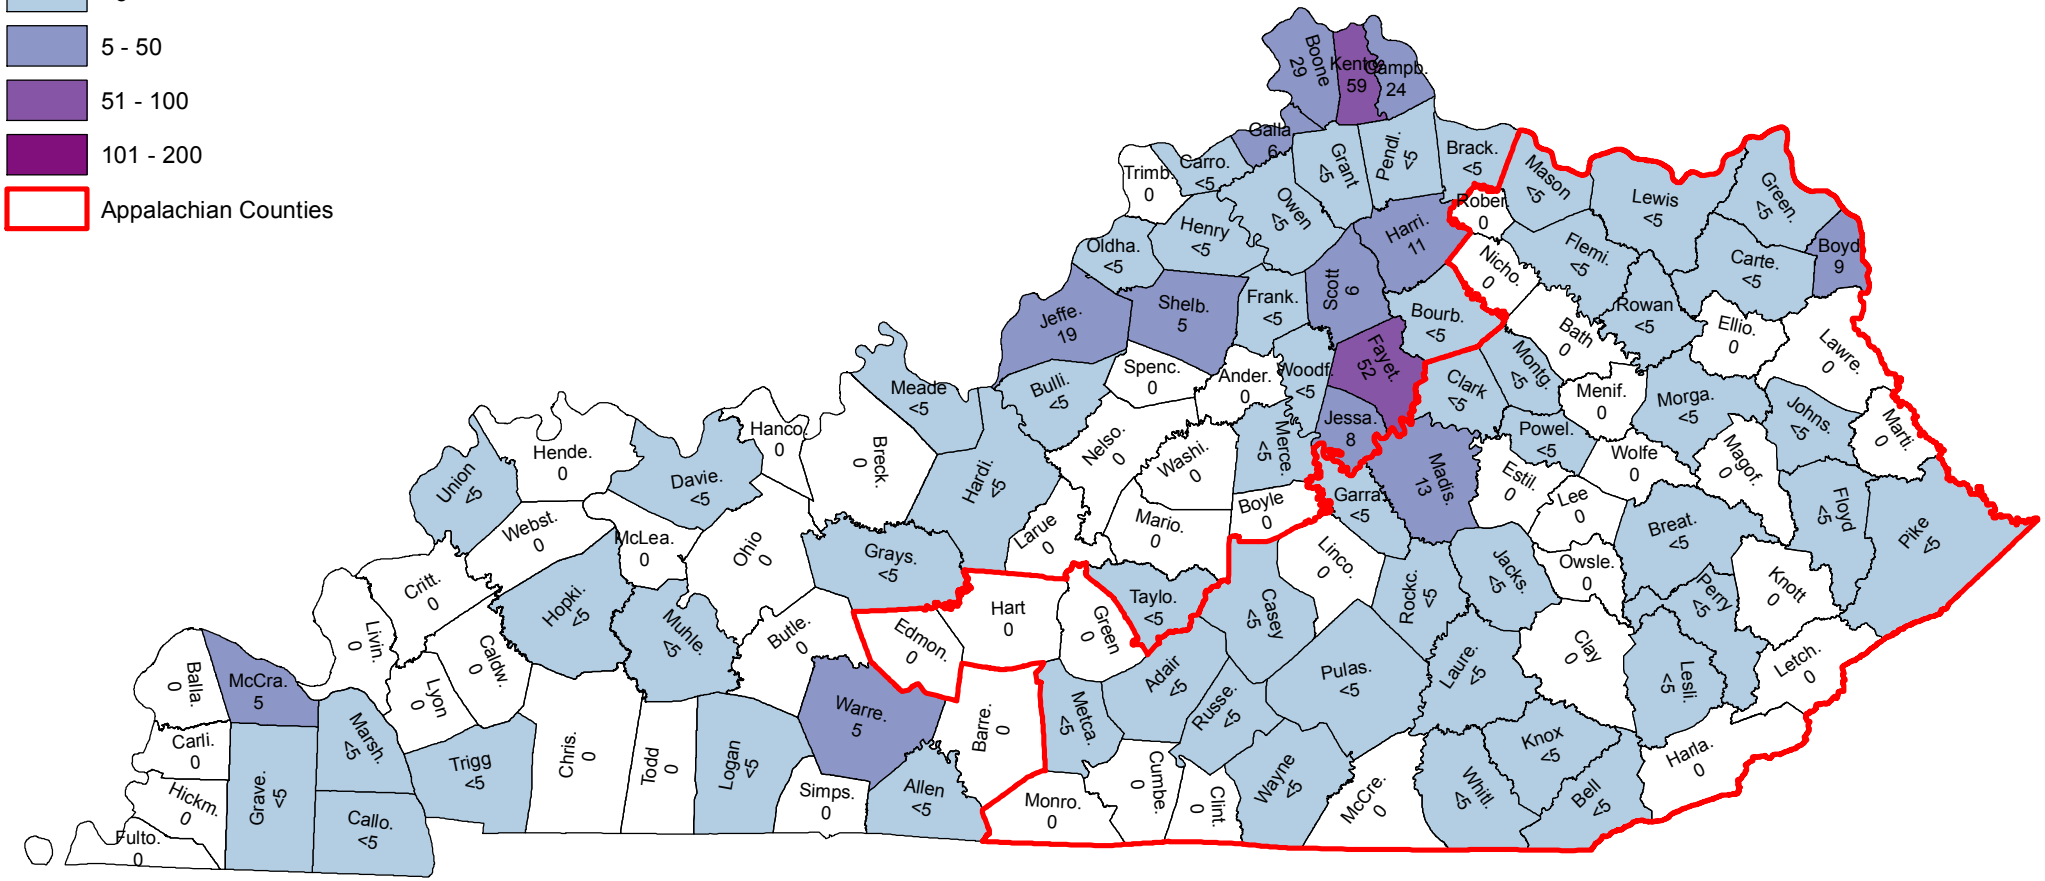
Kentucky Resident Drug Overdose Deaths Involving Fentanyl, by County of Residence, 2014-2015 Combined

KIPRC
KENTUCKY INJURY PREVENTION AND RESEARCH CENTER

Fentanyl

Death count

- 0
- <5
- 5 - 50
- 51 - 100
- 101 - 200
- Appalachian Counties



Note: Produced by the Kentucky Injury Prevention and Research Center (http://www.mc.uky.edu/kiprc/), May 31, 2016. Data are provisional and subject to change. Numbers between 0 and 5 were suppressed according to state data release policy. When a drug overdose episode involves two or more drugs, the case is counted under each relevant drug category.
