

**Molecular & Biomedical Pharmacology
Contact Information for IBS Rotations**

Eric Blalock, Ph.D.

Phone: 323-8033

Email: emblal@uky.edu

Office: UKMC MS-310

<http://www.mc.uky.edu/pharmacology/bios/blalock.html>

Research: neuroscience, Alzheimer's, sleep, stress, aging, bioinformatics, learning & memory

Rolf Craven, Ph.D.

Phone: 323-3832

Email: Rolf.Craven@uky.edu

Office: Combs 213

<http://www.mc.uky.edu/pharmacology/bios/craven.html>

Research: cancer, invasion, metastasis, chemotherapy resistance, cell signaling, Pgrmc1, EGFR

John D'Orazio, M.D., Ph.D.

Phone: 323-6238

Email: jdorazio@uky.edu

Office: Combs 204

Research: cancer, melanoma, UV radiation, DNA damage and repair

Elizabeth Head, Ph.D.

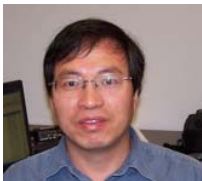

Phone: 257-1412 Ext 481

Email: Elizabeth.Head@uky.edu

Office: Sanders-Brown 203

<http://www.mc.uky.edu/pharmacology/bios/head.html>

Research: neuroscience, aging, Alzheimer's, memory, in vivo interventional studies

Cai Huang, Ph.D.

Phone: 323-9577

Email: cai-huang@uky.edu

Office: BBSRB B0364I

<http://www.mc.uky.edu/pharmacology/bios/huang.html>

Research: cancer, cell migration, invasion, cell signaling, integrins

Michael Kilgore, Ph.D.

Phone: 323-1821

Email: M.Kilgore@uky.edu

Office: UKMC MN-354

<http://www.ncbi.nlm.nih.gov/pubmed?term=Kilgore%20MW>

Research: breast cancer, ovarian cancer, cell proliferation and motility, PPAR-γ

Chris Norris, Ph.D.

Phone: 257-1412 Ext. 249

Email: cnorr2@email.uky.edu

Office: Sanders-Brown 131

<http://www.mc.uky.edu/pharmacology/bios/norris.html>

Research: neuroscience, aging, Alzheimer's, cognition, CNS inflammation, calcium/calcineurin

Rina Plattner, Ph.D.

Phone: 323-4778

Email: rplat2@uky.edu

Office: Combs 209

<http://www.mc.uky.edu/pharmacology/bios/plattner.html>

Research: breast cancer, melanoma, c-Abl, Arg, cell signaling, invasion, metastasis

Olivier Thibault, Ph.D.

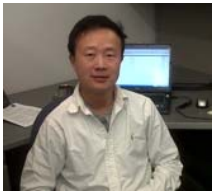

Phone: 323-4863

Email: othibau@uky.edu

Office: UKMC MS-320

<http://www.uky.edu/~othibau>

Research: neurophysiology, cognition, imaging, microarrays, molecular, immunocytochemistry

Ren Xu, Ph.D.

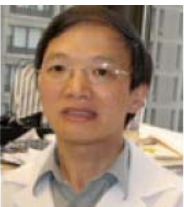

Phone: 323-7889

Email: ren.xu2010@uky.edu

Office: BBSRB 361

<http://www.mc.uky.edu/pharmacology/bios/xu.html>

Research: cancer microenvironment, cancer progression

Xiuwei Yang, Ph.D.

Phone: 323-1996

Email: xya222@uky.edu

Office: UKMC MN-352

<http://www.mc.uky.edu/pharmacology/bios/yang.html>

Research: cancer biology, stem cells, membrane proteins
