

# Arthritis Patients Needed for Saliva Study

The faculty and staff of the University of Kentucky College of Dentistry and College of Medicine are conducting a clinical research study to evaluate the usefulness of saliva as a diagnostic fluid.

You may be eligible to participate if you:

- are at least 18 years of age;
- have rheumatoid or psoriatic arthritis; and
- are willing to contribute two teaspoons of saliva.

Qualified participants enrolled in the study will be compensated for their time and will receive a complete oral exam and dental check-up at no cost. For more information, call **(859) 323-4923** or **(859) 323-5950**.
