

Breast Cancer Research Study

Researchers at the University of Kentucky in the Markey Cancer Center are conducting a breast cancer research study.

You may be eligible to participate in this study if:

- you are a postmenopausal woman;
- you have been diagnosed with locally advanced or metastatic breast cancer; and
- you have no other coexisting malignancies with the exception of basal cell carcinoma or early cervical cancer.

Research Investigator for the study is

Suleiman Massarweh, MD.
